our right and obligation to produce our own and make it the very best possible.

Just one fact is emphasized in this report, namely: Baptist literature is produced by Baptists and for Baptists, and it is the best literature a Baptist can obtain. May we keep our doctrines pure and our churches strong by informing our people through the generous use of our Baptist literatures.

Our state Baptist paper, The Baptist Courier, is the organ of South Carolina Baptists, and it promotes and interprets all our Baptist work; it should go into every Baptist home in South Carolina. Its present circulation is as follows:

Churches on the Budget Plan in this Association—15; churches on Club plan in this Association—16; churches with no plan of circulation in this Association—2; Total subscriptions in this Association—1,543; total subscriptions in this Association a year ago—1,593, which is a loss of 50; total circulation of the Courier on September 25, 1952 was 83,014; total circulation on September 25, 1951 was 77,923, which is a gain in circulation during the past year of 5,089.

Respectfully submitted,

Paul A. Bolen
